

# OHIO HISTORY DAY

## Frequently Asked Questions - Registration and Submission

Want an easy way to find an answer to your question? Use the "Find in this page" function!

### Who registers? (Student, judge, teacher)

**Students** – Students need to register themselves. If students are working in a group, the first person will register, check that they are part of a group and provide the project title, category and description along with their personal information. At the end of registration they will get a “Team Key” which will allow other team members to register. The rest of the group members will need to use the “Team Key to register”. The information required for each student is first and last name, email, parent’s email, entry title, category, description (thesis statement), website URL (if applicable), School name, Teachers name, grade. This is also the spot where you can note if you need electrical for your exhibit. (It’s assumed that every doing websites and documentaries will need access to an outlet.)

**Teachers** – *Teachers need to register first.* Students will choose their teachers name from a drop down menu. If the teachers name is not present they will not be able to complete registration. The information required for each teacher is first and last name, email, school address, school phone, cell phone (this is necessary in case there is an emergency on the day of the contest), employer (School Name), number of students that followed the National History Day program in your school (including those that did not participate) and school name from drop down. With our new system you will be able to track your student’s projects, make edits and avoid lots of corrections.

**Judges** – Judges can only register themselves. (You cannot register you and your spouse at the same time.) Each judge will need to share their first and last name, email address, profession, if you require any ADA accommodations, dietary restrictions, the number of years you have judged, preferences for division and category, if you can stay for the second round judging, and your address.

### What’s the cost to participate in the Region 8 contest?

The cost to participate in the contest is \$10 per student. This fee helps pay for the judge's breakfast and lunches. There are three ways to pay: online with a credit or debit card, mail in a check, or the school is paying for you. Find links to "How to Register" under the section *HISTORY DAY RESOURCES For Students*.

#### **Can students use the same email as another participant?**

Yes. The system will allow you to use the same email for multiple people. It will not allow a user with the same name AND email as another user to create a new account.

#### **I registered under the wrong [division, school, project, etc.] (Student, Teacher)**

Students - Change your entry information on your profile page. Any field that is not grayed out can be changed during the registration period.

Teachers - Change the student's information from the  My Students tab.

\*\*Please note that if the student is in a group project changing the project information will change it for all other participants. The other group members' personal information will not change.\*\*

#### **I'm in a group but I don't know the "Team key" for the project my team member registered. (Student, Teacher)**

Student - Have the student who registered the project sign into their account. They should go to "My Profile" using the drop down arrow next to their name. The project key is listed in the top right portion of their profile

Teacher - Do this for them from the "My Students" tab.

#### **Will I get a notification when I complete the registration? (Students, Teachers)**

Students - Yes, however you can also log in and see all your information at any time.

Teachers - No, you can see who registered using the "My Students" tab

[Return to Region 8 webpage](#)

#### **I'm a teacher and I can't see one of my students in the list even though they registered.**

The student chose the wrong teacher. Make sure you are registered then have them edit their entry information. If the registration period has ended contact the Regional Coordinator.

#### **It says I haven't paid.**

Only payments by credit or debit card are automatically processed. Payments by check and schools will be processed manually and may take some time to process. If more than a week has gone by since you mailed your check please contact us to confirm that we have received the payment.

#### **Why is there a field for gender and ethnicity?**

This is a function of the software that we do not have control over. This information will not be distributed or tracked for the regional contest. A request has been placed for it to be removed.

#### **I forgot to link to my team project during registration. (Student, Teacher)**

Students - Make this change from their profile by pasting in the correct project key.

Teachers - Make this change for them in the "My Students" tab. Click on the team leader's name and choose "Edit/View Participant". Copy the project key. Click on the account for the student who forgot and click "link project" then paste in the project key. Click ok to confirm. A video of this can be found here

**What's the submission deadline?**

**Saturday February 24, 2018**

[Return to Region 8 webpage](#)

**What's the difference between registration and submission?**

Registration is simply you saying you are participating in the event and providing information so that a schedule for judging can be created, communications can be sent to you and the appropriate amount of supplies can be ordered.

Submission only applies to people registered in the Paper, Documentary and Website categories. Participants in those categories must send their projects ahead of time to the coordinator. The reason these categories require a submission is because they typically have much more content so they are sent to judges ahead of the competition to provide adequate time to read/watch/interact the projects. All of these categories still have a specific judging time on the day of the event where judges will again review the projects and interview the presenter(s).

[Return to Region 8 webpage](#)

**How do I submit papers/documentaries/websites?**

All contests associated with National History Day use Weebly to submit websites however how papers and how documentaries are submitted can vary. Find links to submission guides under the section *HISTORY DAY RESOURCES For Students*.
